LUMENERGY
endless energy, everyday

About us

Lumenergy Innovations Pvt Ltd is founded by a group of experienced solar power industrialists and engineers. We are not just a service provider or system integrator. We provide end to end solutions in solar energy systems with our decades old R&D and production facility. Using these we deliver our customer the best indigenously made products and solutions. Today, Lumenergy is one of the most innovative and fastest growing platforms for solar energy in India.

Our Best Solutions

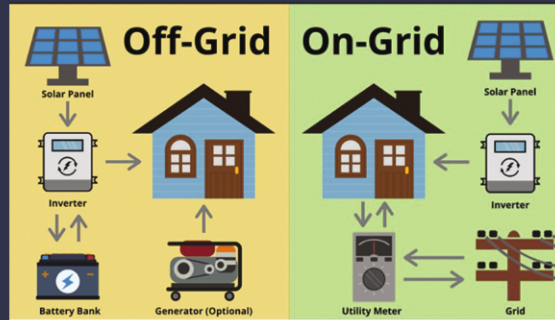

Solar Power Plant | Out Door LED Lighting
